

TRANE®

LET'S GO BEYOND™

Energize Your Building

There's no better time than now

Start collecting data from your building and optimize your building's energy usage with help from Trane and \$30M of new incentives from NYSERDA's RTEM program.

The RTEM program is designed to accelerate the adoption and usage of Real Time Energy Management (RTEM) Systems and help building owners and managers reduce utility and operation costs.

Who is eligible?

Building owners and management companies with eligible sites that may include office buildings, retail, colleges and universities, health care facilities, State and local governments, not-for-profit and private institutions, and public and private K-12 schools. Facilities must be located in New York State and must be New York State electricity distribution customers of a participating utility company that pays the System Benefits Charge (SBC).

What are the incentives?

NYSERDA provides financial support for RTEM system implementation and services for up to five years. **A total of \$30 million is available.**

How can Trane help?

Trane is a qualified NYSERDA vendor and a comprehensive solutions turnkey provider and is uniquely qualified to work with you to select and install the appropriate system. We'll apply to the RTEM program on your behalf and your incentive payments will directly offset the cost of the project.

Once the system is installed we will analyze the data on a routine basis and make ongoing energy savings recommendations. Plus, **Trane is one of the only RTEM providers that has the full-service energy contracting expertise and capabilities** you need to cost-effectively execute these savings.

We currently have 18 applications approved, between upstate and downstate, for a total incentive of \$1,531,808. Downstate alone we have \$762,569

Incentive Type	Applications received: 6/14/16 - 6/30/18		Applications received: 7/1/18 - 6/30/21	
	NYSERDA Cost-Share	Cap per Project per Year	NYSERDA Cost-Share	Cap per Project per Year
System Installation	30%	\$75,000	20%	\$50,000
Service Years 1-3	30%	\$20,000	20%	\$15,000
Service Years 4-5	20%	\$10,000	15%	\$10,000
